

ENVIRONMENTAL POLICY STATEMENT

Crowthorne Property Maintenance is committed to minimising the environmental impact of their activities and aim to achieve continuous improvement in environmental performance by:

- Setting annual environmental objectives and targets, and monitoring performance
- Monitoring and reviewing environmental procedures and auditing compliance to ensure standards are being maintained whilst highlighting potential areas for improvement
- Encouraging sub-contractors, designers and suppliers to adopt environmental policies and management systems that are satisfactory to us
- Reducing the environmental impacts of our sites and their effects on their local communities by keeping sites clean and tidy; conserving natural resources, flora and fauna, cultural and built heritage; and adopting reasonable controls for preventing air, ground, water or noise pollution
- Communicating with local communities and others with an interest in our environmental policies, plans and performance
- Using materials and products from sustainable sources wherever viable and consistent with the clients requirements, making use opportunities to minimise waste and reuse or recycle materials
- Training employees and promoting environmental awareness and commitment
- Keeping abreast of and complying with legislations, regulations and codes of practice on environmental matters relevant to our operations
- Establishing emergency procedures and notifying clients and competent authorities of environmental problems encountered during construction, and jointly resolving such issues
- Minimising use of transport and serving vehicles regularly to maintain their efficiency.
- Each employee is responsible to the Director for ensuring compliances with the policy and reviewing performance within his operation unit.
